The Atlantic Machine was recorded between August 2011 and March 2012 in Barnsley, UK. Additional recording in Canada, mastered in Holland and distributed through Germany - Truly global!

Special thanks go out to SHAM, for his vocals in Do Not Resuscitate, Greg Bonnier for additional sound engineering and production, Michal Jansen who gave it mastering perfection, Malcolm Brown and his very fast Jaguar, Stefan Dietze for the album review and Christian Kausch of Broque records for inspiring this from EP to LP.
